**8. Please read this excerpt and briefly discuss the statement contained herein:**

A driver's license or driving permit is a legal authorization, or the official document confirming such an authorization, for a specific individual to operate one or more types of motorized vehicles—such as [motorcycles](#), [cars](#), [trucks](#), or [buses](#)—on a public road. Such licenses are often plastic and the [size of a credit card](#). The laws relating to the licensing of drivers vary between jurisdictions. In some jurisdictions, a permit is issued after the recipient has passed a driving test, while in others a person acquires their permit or a learner's permit before beginning to drive. Different categories of permit often exist for different types of motor vehicles, particularly large trucks and passenger vehicles. The difficulty of the driving test varies considerably between jurisdictions, as do factors such as age and the required level of competence and practice.
